

Drawing board TK100KW - brown

Product type TK-100KW-10

Basic information

| | |
|------------------------------|-------------------------|
| Age category | from 0 years |
| Minimum area | 4,2 m x 3,1 m |
| Equipment measurements | 1,2 m x 0,08 m x 1,41 m |
| Free fall height: | 0 m |
| Load capacity: | Not specified |
| Max. number of users: | Not specified |
| Fall zone: EN 1177 | null |
| Designation: | exterior |
| Availability of spare parts: | supplied by the |
| Certificate of Compliance: | ČSN EN 1176 - 1 |

Material

Metal parts - structural steel
Wooden parts - water-proof plywood

Finish

null
null

Description

The support structure of the drawing board is made of structural steel (metal profile 60 x 60 mm) which is protected against corrosion by zinc coating, resulting in a very prolonged service life of the workout elements, and coating with baked paint KOMAXIT according to the RAL colour system. These structures are anchored to concrete footings. All other metallic elements are also zinc coated and treated with baked paint KOMAXIT according to the RAL colour system.

The drawing area is made from water-proof plywood, which is designed for external use. All fastening material is galvanized or stainless steel.
