

Double panel drawing board TK200KS - silver

Product type TK-200KS-10

Basic information

Age category	from 0 years
Minimum area	5,4 m x 3,1 m
Equipment measurements	2,4 m x 0,08 m x 1,41 m
Free fall height:	0 m
Load capacity:	Not specified
Max. number of users:	Not specified
Fall zone: EN 1177	null
Designation:	exterior
Availability of spare parts:	supplied by the
Certificate of Compliance:	ČSN EN 1176 - 1

Material

Metal parts - structural steel
Wooden parts - water-proof plywood

Finish

null
null

Description

The support structure of the drawing board is made of structural steel (metal profile 60 x 60 mm) which is protected against corrosion by zinc coating, resulting in a very prolonged service life of the workout elements, and coating with baked paint KOMAXIT according to the RAL colour system. These structures are anchored to concrete footings. All other metallic elements are also zinc coated and treated with baked paint KOMAXIT according to the RAL colour system.

The drawing area is made from water-proof plywood, which is designed for external use. All fastening material is galvanized or stainless steel.
