

Street workout set WS025BD - blue

Product type

WS-025BD-15

Basic information

Age category Minimum area Equipment measurements Free fall height: Load capacity: Max. number of users: Fall zone: EN 1177 Designation: Availability of spare parts: Certificate of Compliance:	Not specified 12,08 m x 4,3 m 9,08 m x 1,3 m x 2,51 m 1,5 m 858 kg 11 null exterior supplied by the ČSN EN 16630	
Material		8.67m
Motal unita structural steel		

Metal units - structural steel Plastic parts - HDPE

Finish

null null

Description

The support structure of the workout set is made of structural steel which is protected against corrosion by zinc coating, resulting in a very prolonged service life of the workout elements, and coating with baked paint KOMAXIT according to the RAL colour system. These structures are anchored to concrete footings with zinc anchors. All other metallic elements, such as handles, parallel bars etc., are also zinc coated and treated with baked paint KOMAXIT according to the RAL colour system or, if required by the customer, the elements can be made in stainless steel.

All bench boards and steps are made of high quality HDPE (high-pressure, full-coloured polyethylene, which is characterised by high colour stability, UV resistance and mainly safety because it is rigid and there is no risk of injury caused by sharp broken fragments). All connecting material is zinc or stainless steel coated.

Equipment

Color variants: blue-black, red-black, yellow-black, green-black, grey-black, orange-black.
