Information board with rules of operation and fitness plan

Product type IT-201K-10

Basic information

Age category from 15 years Minimum area 4,3 m x 3,1 m

Equipment measurements 1,28 m x 0,08 m x 1,86 m

Free fall height: 0 m

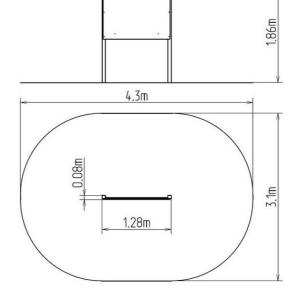

Load capacity: Not specified

Max. number of users:
Fall zone: EN 1177
Designation:
Not specified null exterior

Availability of spare parts: supplied by the Certificate of Compliance: ČSN EN 1176 - 1

Material

Metal units - structural steel Information board - aluminium

Finish

null

Description

The information board structure is made of structural steel (metal profile $60 \times 60 \times 3$ mm) which is protected against corrosion by zinc coating, resulting in a very prolonged service life of the workout elements, and coating with baked paint KOMAXIT according to the RAL colour system. This structure is embedded in a concrete base. The board is made of aluminium. All connecting material is zinc or stainless steel coated.
