

## Single post cableway LD010KR - Red

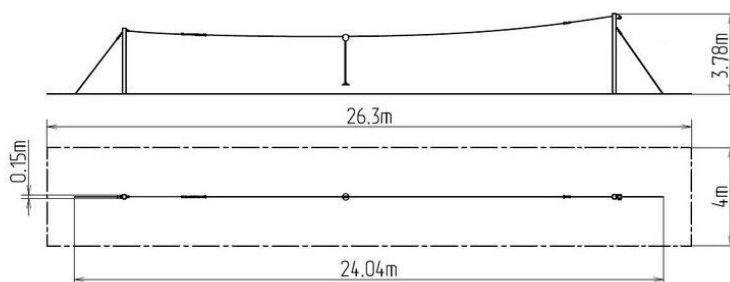

Product type LD-010KR20-10

### Basic information

|                              |                           |
|------------------------------|---------------------------|
| Age category                 | 3 - 15 years              |
| Minimum area                 | 26,3 m x 4 m              |
| Equipment measurements       | 24,04 m x 0,15 m x 3,78 m |
| Free fall height:            | 1 m                       |
| Load capacity:               | 130 kg                    |
| Max. number of users:        | 2                         |
| Fall zone: EN 1177           | null                      |
| Designation:                 | exterior                  |
| Availability of spare parts: | supplied by the           |
| Certificate of Compliance:   | ČSN EN 1176 - 1           |

### Material

Metal units - structural steel

### Finish

null  
null

### Description

The support structures of the cableways are made from structural steel (steel profile of 150 x 150 mm) which is protected against corrosion by zinc coating, resulting in a very prolonged service life, and coating with baked paint KOMAXIT according to the RAL colour system. The structure is fixed in a concrete bed. All fastening material is galvanized or stainless steel.
