

Game set classic UNK2025KS - silver

Product type UNK-2025KS-15

Basic information

| | |
|----------------------------|--|
| Age category | 3 - 15 years |
| Minimum area | 8,5 m x 10 m |
| Equipment measurements | 4,19 m x 7,89 m x 3,56 m |
| Free fall height: | 1,5 m |
| Max. number of users: | 14 |
| Fall zone: EN 1177 | null, 69 m ² |
| Certificate of Compliance: | ČSN EN 1176-1 ed.2 +A1:2024 ČSN EN 1176-2 ed.2:2018 ČSN EN 1176-3 ed.2:2018 ČSN EN 1176-11:2015 |

Material

Platform - HPL
Metal units - structural steel
Climbing holds - polyester
Plastic units - HDPE, polyamide
Slide - fibreglass
Ropes and nets - polypropylene with a steel internal core
Roofs - HPL

Finish

Duplex powder coated with coat curing
Hot-dip galvanizing

Description

The supporting structure is made of galvanized structural steel and then powder coated, and all other metal parts are made of black structural steel, sandblasted, duplex sprayed with powder coated.

All other metallic elements are also zinc coated or duplex powder coated with coat curing according to RAL to prevent corrosion. The slide is made from fibreglass. The surfaces of the slides, steps, etc. are made from high quality HDPE plastic (high density coloured polyethylene, which is characterised by high colour stability, UV resistance but mainly safety as it doesn't break and therefore there is no danger of injury to children by sharp fragments). The rope bridge is made using HERKULES material (16 mm thick ropes made from polypropylene with a steel internal core) and is connected with plastic or aluminium joints. The platforms are made from HPL (High-pressure laminate, which is characterised by high colour stability and water resistance). The roofs are made from HPL (High-pressure laminate, which is characterised by high colour stability, UV resistance and water resistance). The Normal seat is made of aluminum, covered with a soft and comfortable rubber. The chains are stainless steel, resulting in a very prolonged service life of the product. The climbing holds are made from the polyester, which ensures long life, colour preservation as well as skin friendly surface. All fastening material is galvanized or stainless steel.

Equipment

2x tower, slide, 2x A-shaped roof, metal beam, sloping ramp with plastic side, sloping vertical pole climb with metal steps, rope bridge, sloping climbing wall, 2x barrier, 2x seat Normal.
