

Sandpit with seats 4x4 m PIH4040LB

Product type PIH-4040LB-10

Basic information

Age category	from 0 years
Minimum area	7,1 m x 7,1 m
Equipment measurements	4,1 m x 4,1 m x 0,27 m
Free fall height:	0,27 m
Max. number of users:	Not specified
Fall zone: EN 1177	null
Certificate of Compliance:	ČSN EN 1176-1 ed.2 +A1:2024

Material

Metal parts - structural steel
Seats - HDPE
Side walls - HPL

Finish

Duplex powder coated with coat curing
Hot-dip galvanizing

Description

The sandbox is made of HPL (High-pressure laminate, which is characterised by high colour stability, UV resistance and water resistance). The seats are made of high quality HDPE plastic (high density coloured polyethylene, which is characterised by high colour stability, UV resistance but mainly safety as it doesn't break and therefore there is no danger of injury to children by sharp fragments).

All other metallic elements are also zinc coated or duplex powder coated with coat curing according to RAL to prevent corrosion. All fastening material is galvanized or stainless steel.
