

## Climbing set - silver

Product type                   SSE-8311KS-10

### Basic information

|                            |                                                    |
|----------------------------|----------------------------------------------------|
| Age category               | 2 - 10 years                                       |
| Minimum area               | 6 m x 5 m                                          |
| Equipment measurements     | 2 m x 1,3 m x 0,96 m                               |
| Free fall height:          | 2 m                                                |
| Max. number of users:      | 4                                                  |
| Fall zone: EN 1177         | null                                               |
| Certificate of Compliance: | ČSN EN 1176-1 ed.2 +A1:2024<br>ČSN EN 1176-11:2015 |

### Material

Metal units - structural steel  
Ropes and nets - polypropylene with a steel internal core  
Plastic units - polyamide

### Finish

Duplex powder coated with coat curing  
Hot-dip galvanizing

### Description

The supporting structure is made of galvanized structural steel and then powder coated, and all other metal parts are made of black structural steel, sandblasted, duplex sprayed with powder coated.  
The spider's net is made using HERKULES material (16 mm thick ropes made from polypropylene with a steel internal core) and they are connected with plastic joints. All fastening material is galvanized or stainless steel.

### Equipment

Spider's net, 2x swedish ladder.
