

## Game set ship UNK2030KS - silver

Product type UNK-2030KS-15

### Basic information

|                            |   |
|----------------------------|---|
| Age category               | 3 - 15 years  |
| Minimum area               | 8,5 m x 7,5 m   |
| Equipment measurements     | 5,13 m x 3,5 m x m  |
| Free fall height:          | 1 m   |
| Max. number of users:      | 16  |
| Fall zone: EN 1177         | null, 51,5 m <sup>2</sup>   |
| Certificate of Compliance: | ČSN EN 1176-1 ed.2 +A1:2024<br>ČSN EN 1176-3 ed.2:2018<br>ČSN EN 1176-11:2015 |

### Material

Platform - HPL  
Metal units - structural steel  
Plastic units - HDPE, polaymide  
Slide - fibreglass  
Ropes and nets - polypropylene with a steel internal core  
Apertures - Plexiglass

### Finish

Duplex powder coated with coat curing  
Hot-dip galvanizing

### Description

The supporting structure is made of galvanized structural steel and then powder coated, and all other metal parts are made of black structural steel, sandblasted, duplex sprayed with powder coated.

All other metallic elements are also zinc coated or duplex powder coated with coat curing according to RAL to prevent corrosion.

The slide is made from fibreglass. The surfaces of the slides, steps, etc. are made from high quality HDPE plastic (high density coloured polyethylene, which is characterised by high colour stability, UV resistance but mainly safety as it doesn't break and therefore there is no danger of injury to children by sharp fragments). The climbing net, rope bridge and the ropes are made using HERKULES material (16 mm thick ropes made from polypropylene with a steel internal core) and are connected with plastic or aluminium joints. The platforms, ramp and the drawing board are made from HPL (High-pressure laminate, which is characterised by high colour stability and water resistance). All fastening material is galvanized or stainless steel.

### Equipment

2x tower, slide, 2x post with a flag, rope bridge, sloping net access, anchor and helm made from HDPE, barrier from HDPE, 2x barrier with an aperture, sloping climbing wall, drawing board.
