

Table for the seating set ST002K

Product type ST-002K-10

Basic information

Age category	from 0 years
Minimum area	1,6 m x 0,5 m
Equipment measurements	1,6 m x 0,5 m x 0,9 m
Free fall height:	0,9 m
Load capacity:	Not specified
Max. number of users:	Not specified
Fall zone: EN 1177	null
Designation:	exterior
Availability of spare parts:	supplied by the
Certificate of Compliance:	ČSN EN 1176 - 1

Material

Metal parts - structural steel
Wooden parts - spruce wood or oak

Finish

null
Hot-dip galvanizing

Description

The table is made from spruce wood, or oak should the client require. The wood is impregnated and coated with a triple layer of lacquer, which meets the terms and conditions of the EN71/3 Standard (safe for children's toys). The posts of the table are made from structural steel (steel profile of 80 x 40 mm), protected against corrosion by hot-dip galvanizing, which significantly prolongs the life of the play unit. The structures are fixed in a concrete bed. All fastening material is galvanized or stainless steel.
