

Information board with rules of operation and workout plan

Product type IW-100K-10

Basic information

Age category	Not specified
Minimum area	4,3 m x 3,1 m
Equipment measurements	1,28 m x 0,08 m x 1,86 m
Free fall height:	0 m
Load capacity:	Not specified
Max. number of users:	Not specified
Fall zone: EN 1177	null
Designation:	exterior
Availability of spare parts:	supplied by the
Certificate of Compliance:	ČSN EN 1176 - 1

Material

Metal units - structural steel
Information board - aluminium

Finish

Hot-dip galvanizing

Description

The information board structure is made of structural steel (metal profile 60 x 60 x 3 mm) which is protected against corrosion by zinc coating, resulting in a very prolonged service life of the workout elements or duplex powder coated with coat curing according to RAL to prevent corrosion. This structure is embedded in a concrete base. The board is made of aluminium. All connecting material is zinc or stainless steel coated.
