Description

The table is made of spruce wood. The surface treatment of this wood consists of impregnation and three-layer application of the top glazing varnish, meeting the conditions of EN 71/3 (safe for children's toys).
The construction of the table is made of structural steel (round profile 32 x 2 mm), which is protected against corrosion by hot-dip galvanizing, which achieves a very significant prolongation of table life and baked paint KOMAXIT according to the RAL shade. All fastening material is galvanized or stainless steel.
