

Chain Swing Nest with slide RH6180KW - Brown (1,5 m)

Product type RH-6180KW-15

Basic information

Age category	2 - 15 years
Minimum area	8,5 m x 8,5 m
Equipment measurements	5,32 m x 3,77 m x 2,32 m
Free fall height:	1,5 m
Max. number of users:	9
Fall zone: EN 1177	null, 52,5 m ²
Certificate of Compliance:	ČSN EN 1176-1 ed.2 +A1:2024 ČSN EN 1176-2 ed.2:2018 ČSN EN 1176-3 ed.2:2018

Material

Metal parts - structural steel
Slide - fibreglass
Plastic parts - HDPE
Platform - HPL
Suspension ropes NEST - polypropylene with inner steel core
Rope seat NEST - high-strength fiber polypropylene

Finish

Duplex powder coated with coat curing
Hot-dip galvanizing

Description

The load-bearing structure of the double-shaft is made of structural steel, which is protected against corrosion by zinc coating, which results in a very significant extension of the life of the play element or duplex powder coated with coat curing according to RAL to prevent corrosion. These structures are embedded in a concrete bed. All other metallic elements are also zinc coated or duplex powder coated with coat curing according to RAL to prevent corrosion.

The slide is made of fibreglass. The chute front is made of high-quality HDPE (high-pressure, full-colored polyethylene, which is characterized by high color stability, UV resistance and especially safety because it is brittle and there is no risk of injury to children by sharp debris). The "Nest" seat is made of high-strength fiber polypropylene rope. The suspension ropes are made of HERKULES (16 mm polypropylene rope with internal steel core). The platform is made from HPL (High-pressure laminate, which is characterised by high colour stability and water resistance). All fasteners are galvanized or stainless steel.

Equipment

1 seat "nest" (diameter 1 m), 1x slide, 1x metal beam (galvanized), 1x ladder outlet with metal treads. There are three color options to choose from - brown, blue and red and four color variations - blue, red, green and yellow.
