

Street workout set WS8012GD - green

WS-8012GD-15

Product type

Basic information

Material						
Designation: Availability of spare parts: Certificate of Compliance:	exterior supplied by the ČSN EN 16630	 	<u> </u>			
Max. number of users: Fall zone: EN 1177	7 null					
Load capacity:	546 kg]	C
Free fall height:	1,5 m					
Equipment measurements	4,81 m x 1,66 m x 2,26 m	H I		.		
Minimum area	7,81 m x 4,66 m			╺╼═╾┥║╹┄		
Age category	Not specified		٦ I		 [

Metal units - structural steel Plastic units - HDPE

Finish

Duplex powder coated with coat curing Hot-dip galvanizing

Description

The support structure of the workout set is made of structural steel which is protected against corrosion by zinc coating, resulting in a very prolonged service life of the workout elements or duplex powder coated with coat curing according to RAL to prevent corrosion. All other metallic elements, such as handles, parallel bars etc., are also zinc coated or duplex powder coated with coat curing according to RAL to prevent corrosion or, if required by the customer, the elements can be made in stainless steel. All bench boards and steps are made of high quality HDPE (high-pressure, full-coloured polyethylene, which is characterised by high colour stability, UV resistance and mainly safety because it is rigid and there is no risk of injury caused by sharp broken fragments). All connecting material is zinc or stainless steel coated.

Equipment

Color variants: blue-black, red-black, yellow-black, green-black, grey-black, orange-black.
