Street workout set WS8012YD - yellow

Product type WS-8012YD-15

Basic information

Age category
Minimum area
7,81 m x 4,66 m
Fouriement measurements
4,81 m x 1,66 m

Equipment measurements 4,81 m x 1,66 m x 2,26 m Free fall height: 1.5 m

Free fall height:

Load capacity:

Max. number of users:

Fall zone: EN 1177

Designation:

Availability of spare parts:

Certificate of Compliance:

1,5 m
546 kg
7
null
exterior
supplied by the

Metal units - structural steel

Plastic units - HDPE

Finish

Duplex powder coated with coat curing Hot-dip galvanizing

Description

The support structure of the workout set is made of structural steel which is protected against corrosion by zinc coating, resulting in a very prolonged service life of the workout elements or duplex powder coated with coat curing according to RAL to prevent corrosion. All other metallic elements, such as handles, parallel bars etc., are also zinc coated or duplex powder coated with coat curing according to RAL to prevent corrosion or, if required by the customer, the elements can be made in stainless steel.

All bench boards and steps are made of high quality HDPE (high-pressure, full-coloured polyethylene, which is characterised by high colour stability, UV resistance and mainly safety because it is rigid and there is no risk of injury caused by sharp broken fragments). All connecting material is zinc or stainless steel coated.

7.81 m

Equipment

Color variants: blue-black, red-black, yellow-black, green-black, grey-black, orange-black.
