vull

exterior

supplied by the

ČSN EN 1176

Material

Metal parts - structural steel Plastic parts - HDPE

Finish

Duplex powder coated with coat curing Hot-dip galvanizing

Description

The wall is made from high quality HDPE plastic (high density coloured polyethylene, which is characterised by high colour stability, UV resistance but mainly safety as it doesn't break and therefore there is no danger of injury to children by sharp fragments). All fastening material is galvanized or stainless steel.
